

6 FEB 1981

MEMORANDUM FOR: Chief, Supply Division, OL  
Chief, Logistics Services Division, OL

FROM: [REDACTED]  
Chief, Plans and Programs Staff, OL

SUBJECT: Executive Order 12261 - Gasohol in Federal  
Motor Vehicles [REDACTED]

REFERENCE: Memo for Federal Energy Officials fm Acting  
Director, Office of Federal Energy Management  
Programs, DOE, Undated (OL 1 0405)

1. Attached for your information and guidance is a copy of referent memorandum and Executive Order 12261 which requires Federal agencies to use gasohol in federally owned or leased motor vehicles capable of operating on gasohol where it is available at reasonable prices and in reasonable quantities. [REDACTED]

2. On 13 January 1981, we alerted addressees to this new Presidential energy savings directive and indicated that gasohol usage data should be included in future monthly vehicle mileage and fuel consumption reports submitted to P&PS. In order to quantify Agency gasohol usage for managerial and possible reporting purposes, it is vital that this information be furnished. [REDACTED]

3. Please contact [REDACTED] of this Staff on extension [REDACTED] if further information or guidance is required.
